The Stefix 73 gives you a perfect sweeping and suction machine which is suitable for sweeping soft and uneven substrates such as cultivation floors or outside areas. The machine has been specially designed for growers who cultivate on ground cover or film. This machine is also extremely suited for sweeping up fine dust particles. The large filter surface area together with the large suction capacity mean that any job can be tackled. The simple controls and the large removable dirt tray on wheels ensure that emptying the dirt tray is lightweight and easy.

Advantages:

- No tire tracks
- Dust-free sweeping
- Large dirt tray
- Also sweeps the corners clean
