Push bars **Included**

Roller conveyor **Included**

Length **2400 mm**

These harvesting trolleys make it easier to harvest vine tomatoes. For example, there is enough space for the boxes, the trolleys are easy to connect and very agile due to the center wheels. The upper rack is also adjustable in height.

In addition to the conveniences that this cart offers, it is also very solid and durable built, for example, they consist of a powder-coated frame and galvanized push handles.

Hortimat работы по модификации под заказ

Hortimat может модифицировать предложенное оборудование под нужды заказчика. Опционально мы можем конструктивно настроить оборудование или установить новую операционную систему. Мы так же можем поставить индивидуальные решения в форме логистических конвейерных ленточных систем, и мы мысли вместе с заказчиком для лучшего результата в модификации под его запросы.
