Wheels	4 air tyres
Safety rail	Including complete safety rail
Length	1600 mm
Width	750 mm
Height	1700 mm
Battery indicator	Included

The Rubber wheels 1.7 is equipped with rubber tires and is designed to operate in greenhouses or foil tunnels that are not equipped with a pipe rail system. The work platform can be manually adjusted in height. Furthermore, the platform is supported by two springs, which make it easy to adjust the platform.

Access to the platform is possible thanks to the steps that are easy to install. The rubber tires allow the trolley to drive even on uneven terrain! The control panel can be operated at any height of the platform, so with this trolley even up to 1700 mm.

Hortimat работы по модификации под заказ

Hortimat может модифицировать предложенное оорудование под нужды заказчика. Опционально мы можем конструктивно настроить оорудование или установить новую операционную систему. Мы так же можем поставить индивидуальные решения в форме логистических конвейерных ленточных систем, и мы мысли вместе с заказчиком для лучшего результата в модификации под его запросы.
